Ex. 6 Everybody was good with the change in time, so the meeting is now scheduled for 3pm to 4pm. For those calling in, use [REDACTED] Access code is [REDACTED] Once the leader calls in, all callers will be automatically be joined into the conference.
Ex. 6

We've had a conflict for a few people at 1pm-2pm. Can everybody make 3-4pm today? If so, I'd like to change the meeting to 3pm. It appears everybody is available that time in the scheduler.

This meeting will be an internal Region 3 meeting to discuss case development for Water and RCRA, regarding alleged violations discovered during recent inspections and sampling activities. A follow-up meeting with DDOE is projected for this Thursday. Specific topics to be addressed today will be next steps, including questions for projected Information Requests.
